

A man in a white shirt and a woman in a blue button-down shirt are looking at a tablet together. The man is pointing at the screen. The background is a blurred cityscape. A dark blue diagonal banner covers the bottom half of the image, containing the eMoney logo and the main headline. A dashed teal line curves across the banner.

eMoney

**Helping People
Talk About Money**

Plan Across the Client Lifecycle

Meet the diverse and growing planning needs of your clients and prospects - all from a single platform.

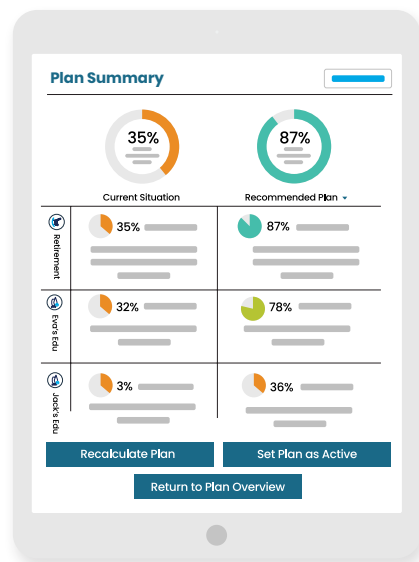

Deliver More Plans to More Clients

Establish planning-led relationships with more clients through a streamlined, interactive, and engaging experience focused on their goals.

Key Features

- Streamlined, modular workflow
- Consolidated end-to-end planning experience
- Focused on retirement, education, spending, and life insurance goals
- Interactive side-by-side scenario planning

Key Benefits

Scale Your Planning

Extend planning across your client base through a single platform that enables you to serve a variety of planning needs.

Produce More Plans for More Clients

Leverage a straightforward, guided workflow—from data gathering to plan output—to efficiently produce more plans for more clients.

Improve the Client Experience

Deepen client engagement by delivering an interactive experience that facilitates planning and drives better client interactions.

Advanced Planning

Most Comprehensive Set of Planning Capabilities

Engage your clients in the planning process and build trust by demonstrating tangible outcomes for complex, real-world scenarios.

Key Features

- Collaborative cash flow planning
- Interactive retirement income planning
- Robust what-if scenario planning
- Comprehensive tax calculations

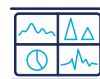

Key Benefits

Model the Future

Provide clients with an in-depth and personalized look at their financial picture with custom financial blueprints created using dozens of advanced-planning techniques and what-if scenarios.

Simulate Multiple Scenarios

Work side by side with your clients to understand the financial impact their decisions have on their plans. Adjust scenarios and techniques in real time for immediate client reactions and feedback.

Collaborate on Estate Planning

Show clients the risks, vulnerabilities, and benefits of various estate-planning scenarios, and work together to create strategies to better protect their legacy.

ENGAGE

Engage Your Clients Meaningfully

Bring your client conversations to life with interactive and collaborative experiences that promote engagement and utilization, and foster deeper understanding and stronger relationships.

Advisor/Client Experience

- Client Portal
 - Account Aggregation
 - Collaboration
 - Spending and Budgeting
 - Mobile Access
- Alerts and Tasks
 - Screen Sharing
 - Customizable views of all your relationships

MANAGE

Manage Your Practice Efficiently and Effectively

Easily analyze and identify opportunities for growth.

Advanced Analytics

Make Data-driven Decisions

Gain visibility into your book of business and clients' held away assets to identify new opportunities.

Advisor Assurance

Manage Compliance and Risk

Streamline your compliance efforts through the documentation and archival of key advisor-client interactions throughout the entire financial planning process.

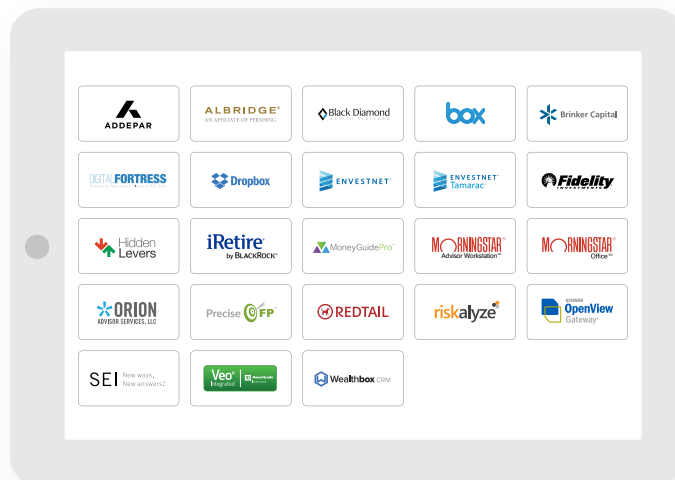

STREAMLINE

Streamline Your Tech Stack

Built for the way you work, our integrations provide access to the technology you need, when and where you need it.

From CRMs to risk analysis and everything in between, we work with providers equally committed to ensuring a superior client experience and the highest levels of data security.

GROW

Grow Your Business

Everything you need to reach and engage clients digitally to grow your business—all from within the eMoney platform.

Lead Capture

An interactive and self-guided prospecting tool that lets you easily identify investors who are ready to engage with an advisor.

bamboo

Simplify lead generation, improve your digital presence, and generate new business with digital marketing technology designed to help you accelerate growth.
